- All prices include packing/boxing (excluding finished product).
- Case Dimensions 22" X 12" X 20" (3 cu ft); Approximate weight 20-25 lbs.
- Tags are shipped with all orders. Tag Exchange available for Proven Winner/Proven Selections Varieties only (1 tag/5 cuttings). If Tag Exchange is required please indicate on order. Entire order must be Tag Exchange, not individual line items. For orders requiring variety specific tags, enter on separate order. For customers not requiring non-patented variety tags, please indicate on order. Can only be applied to entire order.

Minimums

- Minimum order of 1 full case can include different varieties.
- Minimum order of 1 flat per variety except where noted. Less than 1 case will have a \$25.00 handling charge applied.
- Cuttings available in 105 trays can be ordered in ½ trays or multiples of 50; however, there will be a \$0.25/cutting surcharge on the order. **THE ORDER MUST ADD UP TO 100'S OR FULL TRAYS.**
- Dracaena are sold by case count only – not tray count.

Propagation Restrictions

- Propagation of all varieties that are patented or in the process of being patented is strictly prohibited. This applies to all varieties with royalties. Royalty Administration International strictly enforces these restrictions.
- The Proven Winners® Flowering Only Agreement will be sent with each order of Proven Winners® shipped to you. You are legally bound by the document when you open the box. Each year Royalty Administration International, working on behalf of Proven Winners® and others, visits many Canadian greenhouses searching for indications of illegal propagation. Royalties for Oglevee products are included in price.

- All orders are F.O.B. Red Deer, Alberta.
- If you require a shipping service that is not listed, please provide us with the full name, phone number and address of the Carrier along with a completed Waybill. We do not ship Loomis, Canada Post, or Greyhound.
- We do our best to have each order ready on your ship date. Depending on crop maturity, we reserve the right to ship plants one week earlier or one week later. Due to the vast amount of plant material we grow, occasionally a few trays may not be ready for your ship date. Instead of back ordering, we prefer to ship an entire order together. This means that one or two flats may not be fully rooted to our usual standards. We note those flats on the packing slip. If you would prefer to have us backorder, please notify us. We will not accept claims for these items.
- Due to time constraints, all boxed orders will be dropped at established drop points/cross-dock locations (listed under the Carrier heading under Shipping information).
- Dentoom's does have a grower truck program for full cart quantities to facilities with heated loading dock facilities located on the Calgary/Edmonton corridor (at Dentoom's discretion, depending on weather conditions).
- To receive cart-shipping, orders must be for full carts (approximately 45 trays per cart).
